

Hi!

My name is _____ and I am a student in the William Penn School District (WPSD).

WPSD is hosting a continuous 48 hour Hackathon at our school with the non-profit We Connect the Dots. We are going to learn how to build a website with html5, build a mobile phone application or write a small application all in just 48 hours!

I would love to attend but I need to raise \$150 by December 20th. We Connect the Dots asks students to raise the money (and not just ask our parents) because they want us to step out of our comfort zone and independently make something happen for ourselves.

Would you be willing to make a donation to help me attend? I promise you it will be money well used in this learning opportunity for me. For more information about the Hackathon, visit www.WilliamPennSD.org/hackathon.

If you are interested in donating, you can give me cash or check (checks should be made out to We Connect the Dots with my name in the memo field). I will check back with you in a couple of days to find out your decision.

Thanks so much.

Name of Student!
